

MAKING ROLLERS WITH
PRECISION SINCE 1995 **KLEW**

COMPLETE SOLUTIONS FOR CORRUGATED ROLLERS

CORRUGATED FLUTE ROLLER

High precision, Better Flute Formation on Paper,
Super Wearable

CORRUGATED PRESSURE ROLLER

Super Regularized Grinding, Better performance, long life

Technical Data

Name: Corrugated Flute Roller

Application: Used in corrugator for flute wall formation.

Working Size: 32" INCH – 72" INCH OR Customer specify.

Working Diameter: 200MM – 400MM OR Customer specify.

Flute Profiles: A, C, B, E, F, G Available in Varies T.U.R and Heights

Maintenance: Super wearable, long life, less downtime

Coating Solutions: Hard Chrome Plating and Tungsten Carbide Coating (for extra and constant roller life)

Name: Corrugated Pressure Roller

Application: Working together with flute roller to form proper flute on paper.

Working Size: 32" INCH-72" INCH OR Customer specify.

Working Diameter: 200MM-500MM OR Customer specify.

Maintenance: Super long life, minor requirements if down.

Coating Solutions: Hard Chrome Plating and Tungsten Carbide Coating.

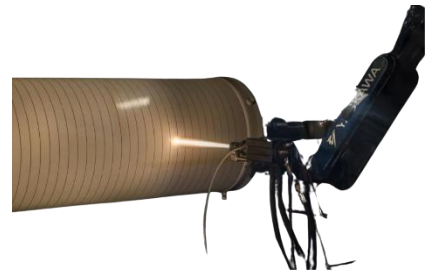

CORRUGATED DOCTOR & GUM ROLLER

High precision, Super Wearable, Better paper strength,
Proper gum supply

CORRUGATED ROLLER COATING SOLUTIONS

High material hardness, Better rolls more life, Least
downtime

Technical Data

Name: Corrugated Doctor & Gum Roller

Application: Used in corrugator for gum supply for 2 ply sheet formation.

Working Size: 32" INCH – 72" INCH OR Customer specify.

Working Diameter: 200MM – 400MM OR Customer specify.

Maintenance: Super wearable, long life, less downtime

Coating Solutions: Hard Chrome Plating and Tungsten Carbide Coating (for extra and constant roller life)

Name: Corrugated Roller Coating Solutions

Application: Coatings and sprays to enhance roller life and strength.

Working Size: 32" INCH-72" INCH OR Customer specify.

Working Diameter: 200MM-500MM OR Customer specify.

Maintenance: Super long life, minor requirements if down.

Coating Available: Hard Chrome Plating and Tungsten Carbide Coating.

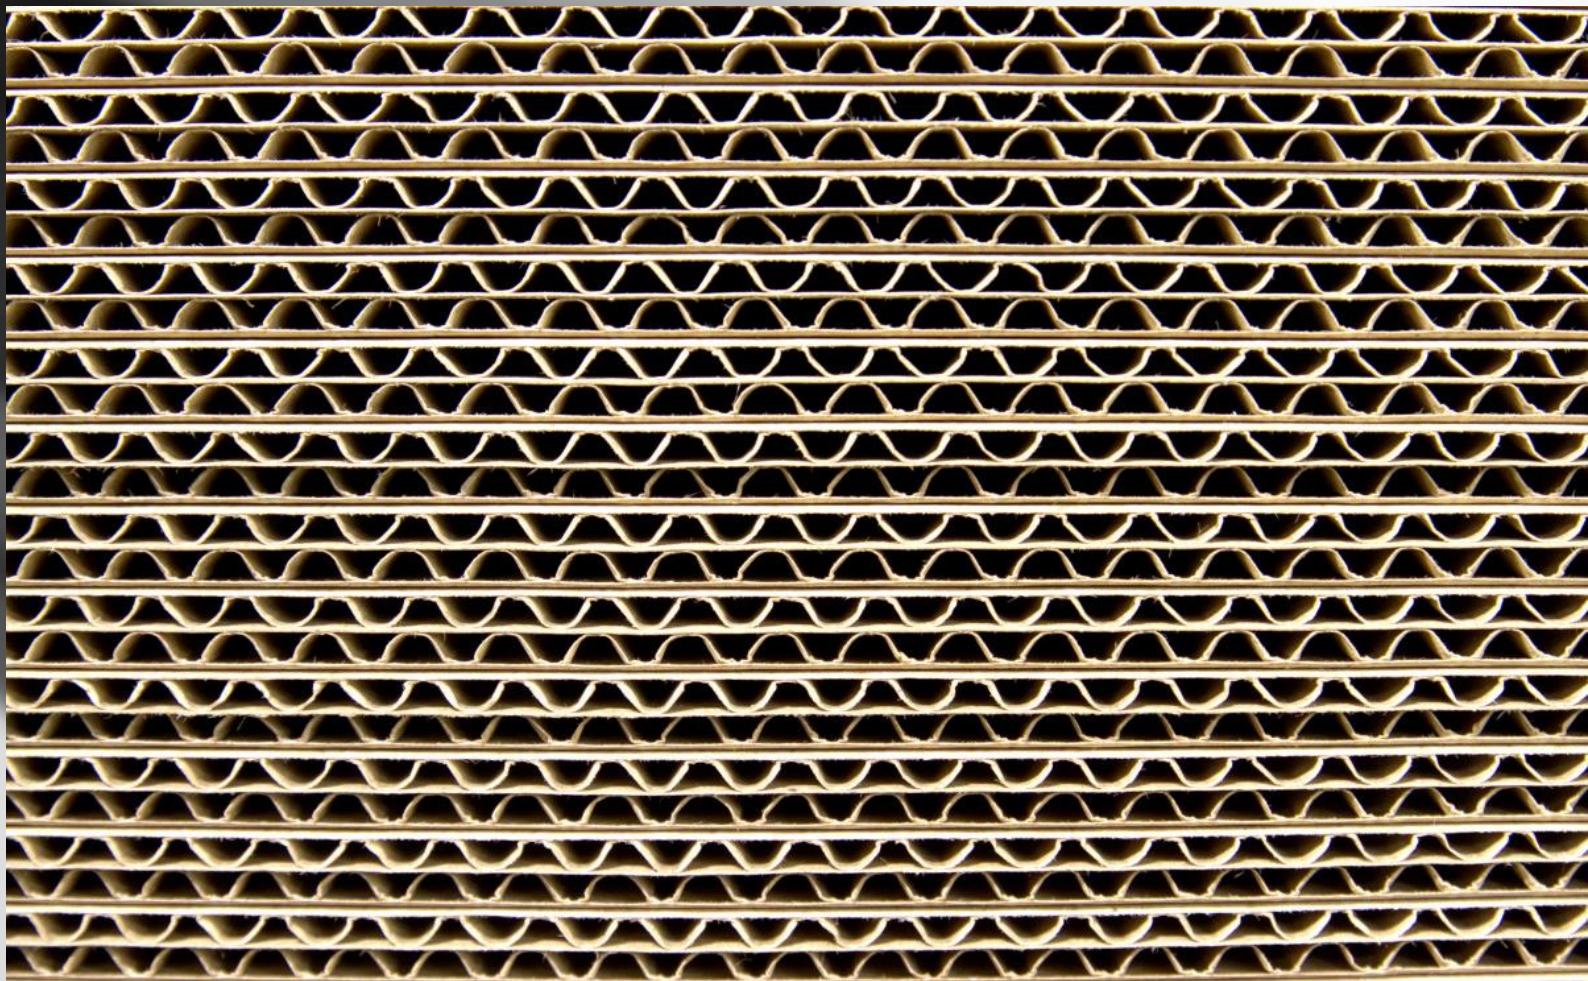

- FAST DOOR DELIVERY
- FINE QUALITY MATERIAL
- LONG LIFE DURATION
- 24X7 ASSISTANCE & CONSULTATION
- AFTER SALES SERVICE
- LESS PAPER WASTAGE
- LESS GUM CONSUMPTION
- LESS MANPOWER
- MORE PERFORMANCE
- RELIABLE PARTS
- FAST REPLACEMENTS
- MASTER CUSTOMISED ROLLERS
- BETTER PRINTING
- LOWER DOWNTIME
